TreePeople's Mar Vista Water Talks was a virtual Zoom meeting in partnership with the Mar Vista Community Council. Thirteen people attended the discussion, many of whom were members of the Mar Vista Community Council. Council members staff from Los Angeles City Council District 11 also attended. Discussion was focused on drinking water quality, water capture, flooding and groundwater.

Major concerns among residents were the following:

- Funding to be diverted to other issues not related to water
- The possibility of capturing stormwater on Venice Blvd
- Whether Prop 1 funding be used to build desalination projects
- A lack of green space
- Interest in learning more about existing project plans in Mar Vista
