IRWM Region	Greater LA County	Number of Participants	22

Event Summary:

This event was the 7th part of a 9-part training session for WaterTalks CBOs in the Greater LA County area. It was the 3rd of 4 sessions focused on drinking water issues in the LA Region. For this session, WaterTalks CBOs and guests toured the Arcadia Water Treatment Plant in Santa Monica, followed by lunch and discussion at Tongva Park. The tour provided a detailed account of each step in drinking water treatment taken from groundwater, how it is tested, stored and distributed. This and similar events helped shape the Path to Tap tool that is featured at www.watertalksca.org.
