Description:

Findings from the GLAC Strengths & Needs Assessment were shared and discussed with community members as a way of ground-truthing the results. Information was gathered through verbal responses.

Core Questions and Responses:

- Did the water-related concerns seem accurate from the Assessment: Yes
- Did the community-related concerns seem accurate from the Assessment: Yes

Comments and Discussion:

The meeting was held with members of the Los Feliz Neighborhood Council. Unhoused community needs/Drinking water quality were discussed. Members believe drinking water quality is a result of the unhoused community needs/trash. Many of the community's homeless residents live near the LA river, which ends up being littered by the homeless residents.
