

Post Event Summary

Assessment Feedback from Mid City West

IRWM Region	Greater Los Angeles County	Date and Time	1/19/2022 7:00:00 PM
Community Engagement Partner	TreePeople	Event Format	Virtual Meeting

Description:

Findings from the GLAC Strengths & Needs Assessment were shared and discussed with community members as a way of ground-truthing the results. Information was gathered through notes and verbal responses.

Core Questions and Responses:

- Did the water-related concerns seem accurate from the Assessment: Undetermined
- Did the community-related concerns seem accurate from the Assessment: Yes

Comments and Discussion:

More shade trees are needed in the community, retaining stormwater capture, how can we work within the community to get that implemented. One community member was interested in residential stormwater capture. There was a consensus on the need to collect further feedback to more accurately paint a picture of the community in the questions and concerns as they related to water.
